

The area around Docklands (Canary Wharf) – page 1

This document is intended to be an adjunct to the pages on the web site about the area around Docklands.

The numbers on the maps are not intended to give an order of visiting but just to enable labelling. You decide on your own route. Underground stations are labelled in blue lettering and station entrances are marked with a blue square somewhere near the title. For example – on the first map between the figures 1 and 4 is the label for 'Canary Wharf' station, on the Docklands Light Railway, with the blue block marking the entrance just below.

Key to the labels:

1. Canada Place.
2. Canada Square
3. Jubilee Park
4. Cabot Square
5. West India Quay
6. South Dock
7. Entrance to West India and South Docks
8. Blackwall Basin
9. Poplar Dock
