

The area around Hampstead – page 1

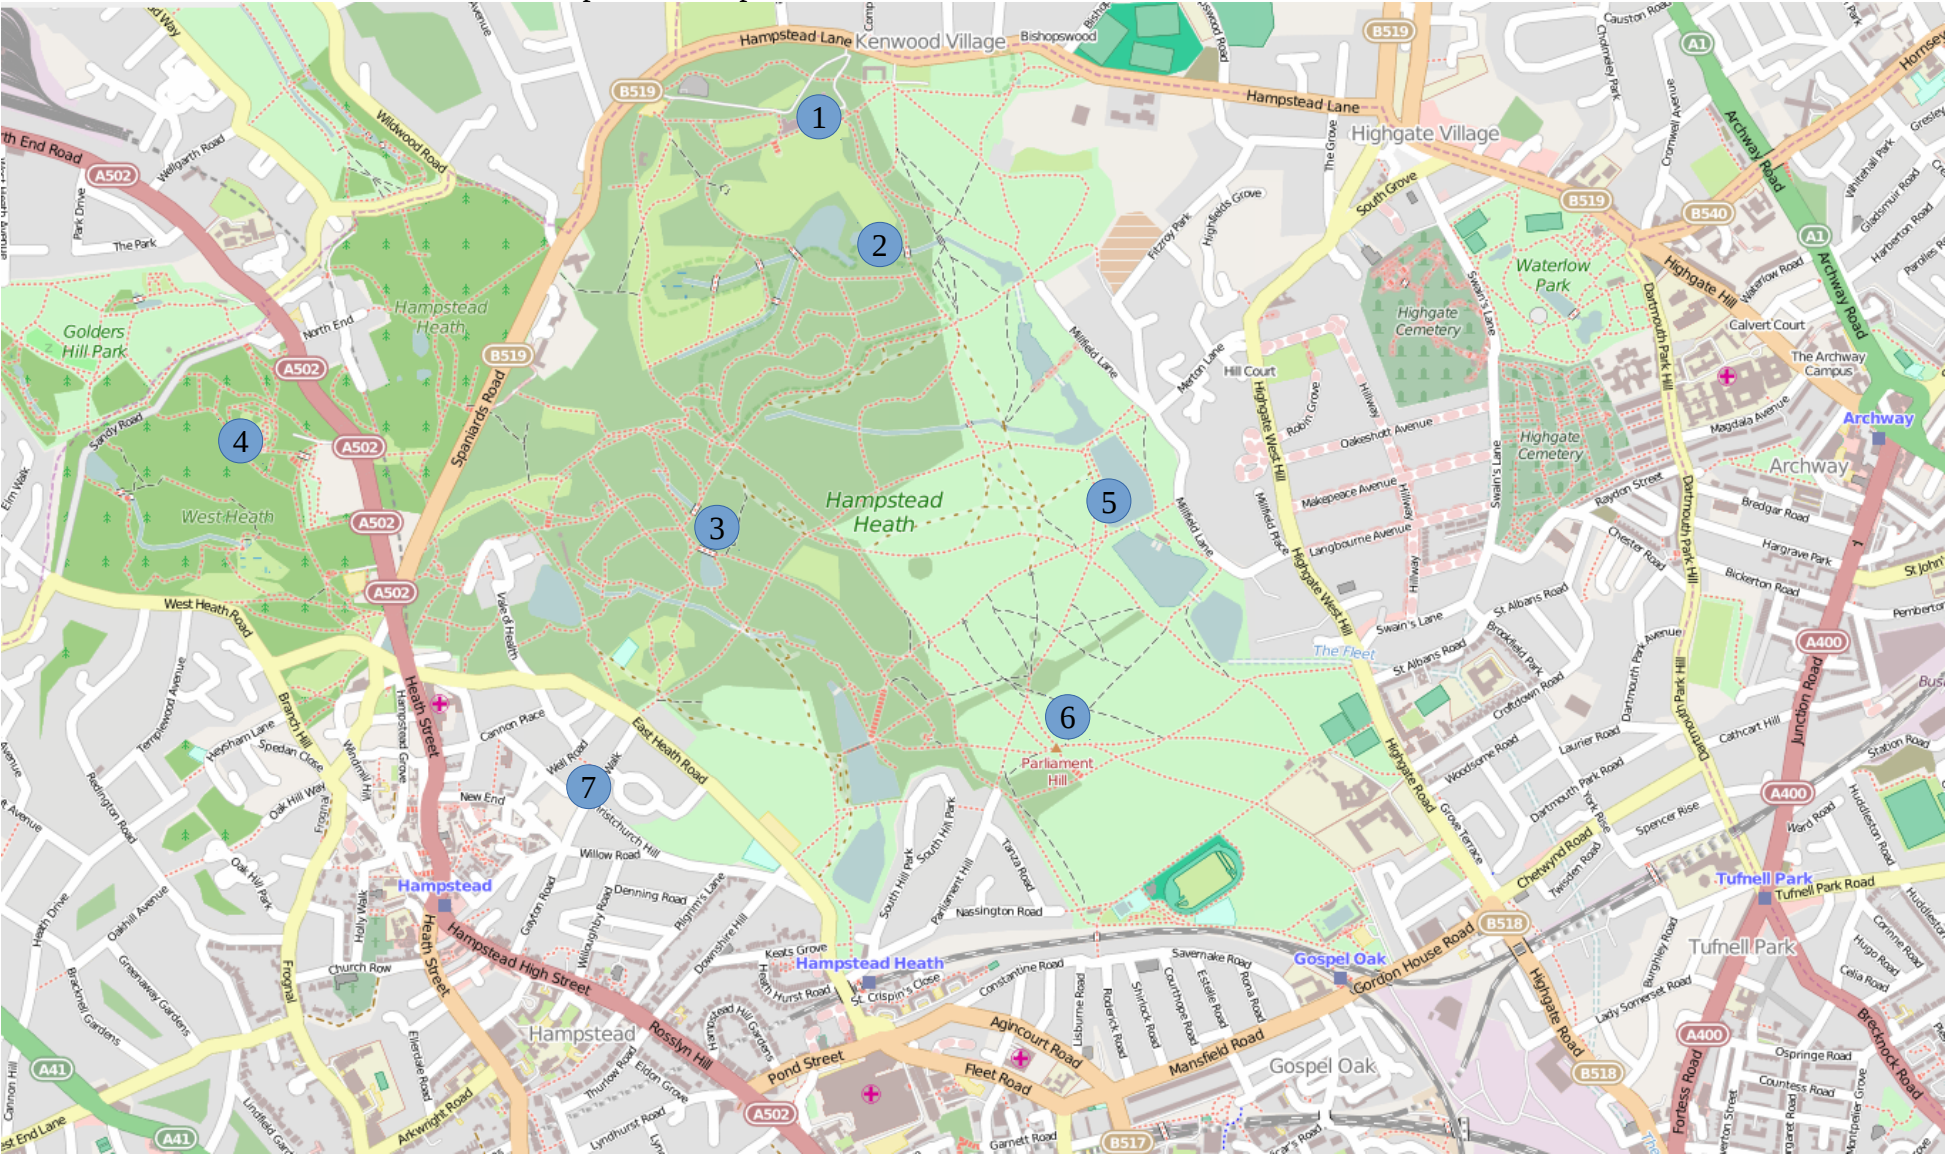

This document is intended to be an adjunct to the pages on the web site about the area around Hampstead.

The numbers on the maps are not intended to give an order of visiting but just to enable labelling. You decide on your own route. Underground stations are labelled in blue lettering and station entrances are marked with a blue square somewhere near the title. For example – on the second map by the figure 1 is the label for 'Hampstead' station, on the tube, with the blue block marking the station just below.

2. Thousand Pound Pond (Fake Bridge)
3. Viaduct Pond
4. Hill Garden (Hampstead Pergola)
5. Highgate Ponds
6. Parliament Hill
